Subject: visiting issue

Sir,

I have been made aware that there is a Prison Issues Board Meeting later today. I do not know what issues will be discussed, but would I have an issue that I would like to address to you. And I hope you will be able help me. My issue is the termination of visiting privileges.

On March 10, 2007, our visiting privileges were terminated, Teresa Hedegaard and Loren Raver 26046. We have not been able to visit since that date. We have tried several times but have been denied. Reasoning for denial was the same every time all stemming from the original problem. They kept saying that a hearing was going to be held and it never was and in fact no charges were ever filed on my boyfriend and several other that were put in Max over this same incident. It has been a long and sad 3 years not being able to see the man I love. And to be denied over and over it's very frustrating for both of us. It seems to be a violation of our human rights.

Thank you for listening to listening me
